

From decongestion to maintenance, daytime to nighttime, ready-to-wear to custom, and cutting edge technology to handmade care, JOBST® provides a complete portfolio of lymphedema products designed with the needs of the patient first. Equally important as our products is the support we give to our clinicians and dealers. Our team of Medical Education Advisors provide world-class product support and education, and our dedicated Customer Service team works tirelessly to ensure the proper fit and quick delivery.

BANDAGES

Comprilan®

Short stretch compression bandage

- 100% cotton
- Gold standard in bandaging for lymphedema management
- Provides high working pressure and low resting pressure
- Easy care and durable

Tricofix®

Lightweight absorbent stockinette

- Used underneath Comprilan to provide a smooth layer
- Breathable

Elastomull®

Soft comfortable bandage

- Provides light compression
- Ideal for fingers and toes
- Available in sterile or non-sterile

CompriFoam

Open cell foam bandage

- 100% polyurethane
- Air and moisture permeable
- Reusable
- May be steam sterilized

Artiflex®

Non-woven padding bandage

- Used underneath Comprilan® to help protect sensitive skin
- Provides padding around bony or irregular shapes
- Ensures even distribution of pressure
- Air permeable, non-absorbent

Isoband®

Elastic multi-purpose bandage

- Short stretch with longitudinal elasticity for high working pressure
- Reusable
- Breathable

WRAPS

FarrowWrap® CLASSIC

- Durable, rigid fabric with comfortable feel. Resists rolling or digging into skin folds
- Best suited for large skin folds and lobules
- 30-40 mmHg* compression
- Available in ThighPiece, LegPiece, and FootPiece

FarrowWrap® STRONG

- Premium fabric with firm compression and soft inner layer
- Will handle moderate skin folds and lobules
- 30-40 mmHg* compression
- Available in ThighPiece, KneePiece, LegPiece, and FootPiece

FarrowWrap® LITE

- Low profile fabric
- Good choice for patients who have neuropathy or peripheral vascular disease (PVD)
- 20-30 mmHg* compression
- Available in Hand Gauntlet, ArmPiece, ThighPiece, KneePiece, LegPiece, and FootPiece

FarrowWrap® BASIC

- Value fabric with quality compression
- Removable Velcro® Brand Product
- 30-40 mmHg* compression
- Each BASIC comes with a JOBST® FarrowHybrid®
- Available in LegPiece and FootPiece

FarrowWrap® 4000

- Easy to don with just 4 bands
- Inner sleeve assists donning
- 30-40 mmHg* compression
- Each 4000 comes with a JOBST® FarrowHybrid®
- Available in a LegPiece in either black or tan

DAYTIME GARMENTS

Elvarex® The Gold Standard

- Flat-knit structure bridges skin folds instead of working into them
- Latex core provides superior containment
- Seven compression classes for optimal therapeutic outcomes

Custom Seamed Nearly Limitless Solutions for Unique Challenges

- Durable fabric for long lasting wear
- Precise gradient compression based on computer design
- Variety of options: zippers, linings, silicone bands and more

Elvarex® Soft Seamless Soft and Seamless, Where it Matters Most

- Soft, durable, and breathable flat-knitted fabric
- Flat edge finish at fingers and toes decreases bulk and prevents curling
- Easy to don, comfortable to wear

Bella™ Strong Comfortable, Cost-effective Compression

- Covers unrivalled range of patient dimensions
- Available in a glove, armsleeve, or gauntlet
- Comfort Flat wristband reduces rolling and improves durability

Elvarex® Soft Gentle and Latex-Free

- Easy to don
- Excellent anatomical fit
- Well suited for pediatric, lipedema, and elderly patients, or those with sensitive skin

Bella™ Lite The Entry Point to JOBST® Quality

- Fits a wide range of arm and hand shapes
- Two armsleeve lengths for optimal fit
- Armsleeve available with or without silicone dot band

Elvarex® Plus The Cutting Edge of Flat-Knit Technology

- Seamless construction eliminates potential irritation between the fingers and toes
- Ideal anatomical fit that wears like a second skin
- Air-permeable, breathable knitted fabric

Bellisse® Supporting Healing After Surgery

- Available in a large range of Ready-to-Wear sizes
- Both a front zipper for easy donning and a variable position back closure
- Attractive shape that can be worn comfortably day and night

NIGHTTIME GARMENTS

JOBST® Relax Redefining Lymphedema Night Care

- Custom-made, flat-knit technology provides consistent, gradient compression therapy and stays in place
- Textured surface and monofilament spacer combine to create differential pressure areas that stimulate lymph flow while a patient is at rest
- The integrated zipper option with stay-down puller helps facilitate donning and doffing

JOBST® JoViPak® Handmade Lymphedema Night Care

- Custom and Ready-to-Wear
- Styles for virtually every part of the human anatomy
- Uses up to four kinds of foam with no unpleasant chemical odors
- JoViPak's continuous flow channeling encourages lymph to flow toward functional alternate pathways
