-

Speaker Bios:

Guenter Klose, MLD/CDT Certified Instructor, CLT-LANA

Guenter Klose received his initial training in Manual Lymph Drainage (MLD) and Complete Decongestive Therapy (CDT) at the Földi Clinic. He continued there as an instructor until he came to the United States in 1990 to assist Dr. Robert Lerner in training lymphedema therapists and establishing the first CDT treatment centers in the U.S. for patients with lymphedema.

In 2003, Guenter established his own lymphedema training and consulting company, Klose Training & Consulting dedicated to providing the highest-quality lymphedema therapy training available. KTC has since trained over 3500 therapists.

In 2010, Guenter began creating online advanced lymphedema treatment courses and has continued to innovate in the delivery of these courses. Guenter also organizes biennial lymphedema conferences that attract lymphedema experts from around the world.

Guenter is a leading advocate for quality lymphedema treatment. He has videotaped opinion pieces and patient stories and lectured extensively in the United States and abroad at National Lymphedema Network Conferences, therapist and physicians' meetings, and lymphedema support groups.
